FUNDS FIGHT — Postmaster Robert E. O'Connell of Redwood City receives a check for \$140 from Sequoia High School leaders after last week's one-day drive for additional polio funds. Chmn. Carolyn Van Every, center, and Cmsr. of Welfare John Imbernon, right, look on as the postmaster pledges to see that the mail goes through. The check was the result of radio appeals for additional funds to bolster depleted funds collected by the March of Dimes. More than \$100 of the money raised will go toward treatment of polio victims in the Bay Area.

SAFETY FIRST — Paul Frehner, Sequoia High School student, checks out the safety features of his hot-rod while Manuel Fortes acts as booster and superintendent of the operation. These Sequoians, like most others, have a new outlook on safety after attending an assembly on the campus last week. Their parents will be given a few pointers at the high school auditorium Thursday night when the PTA sponsors driver education talks and demonstrations. The California State Automobile Assn. will sponsor the program with William Phelon as chairman.

**SC Woman
Named to National
BPWC Office**

Mrs. Genevieve Forsberg MacIver of San Carlos has been appointed second vice president of the National Federation of Business and Professional Women's Clubs to fill the uncompleted term of the late Ethel M. Johnson of San Francisco.

Mrs. MacIver was appointed by the federation's executive committee at their meeting in Chicago last month. The new second vice president is with the Equitable Life Assurance Co. in San Francisco and is a past national finance chairman of the federation; a past president of the Chicago Alliance, and also has served as a president of the San Francisco club. Mrs. MacIver is now serving as parliamentarian of the California Federation of Business and Professional Women's Clubs.

**Belmont Woman's Club
Unit Meets in Los Altos**

Members of the Book Section of the Belmont Woman's Club motored to the Los Altos home of Mrs. E. J. Weiner recently for their regular meeting. Mrs. Scott Cowles reviewed "Life of Sam Brannan" by Wood.

Guests for the day were Mrs. Cowles' daughter-in-law, Mrs. Robert Melting and baby. Members present were Mmes. George Hulstede, Frank Cowden, George M. Doyle, Albertus Niehuis, Marie Gronck, A. L. Cropsey, E. H. Halverson, Harrison Klages and I. K. Ulsaker.

**Atherton Mother's Sons
Earn Eagle Award Together**

Mrs. Theodore Brown Sr. of Atherton, became one of the first mothers to pin simultaneously the Eagle badge, Scouting's highest award, to the tunic of her three sons, in rites last weekend. The three brothers, Ted III, William and Charles Brown, all received the award at the San Mateo County Council Boy Scouts of America's annual Roundup Rally at the Burlingame High School Auditorium. The boys' father, Theodore Brown Sr., is scoutmaster of Troop 163.

Also receiving the Eagle rank were Barry Anderson, Gordon Greve, Marc Scriven, William Andem, Creswell Cole and Andrew Hegarty. W. T. Van Voris, San Mateo High School principal made the presentations. The Council Court of Honor awarded the Star, Life and Eagle Palms to Barney Williams and L. Edward Scriven of San Mateo earned the Ranger, the highest award of explorer Scouting.

Burress Karmel, chairman, presided assisted by Ian Campbell, Barney Williams, John F. Linden, Ed Holmes, W. T. Van Voris, E. A. Barrer, scout executive, and C. E. Wilson, assistant scout executive, who acted as clerk.

Following the presentations entertainment was provided by Ronald Devincenzi, accordion solo; Gene Wilson, Senior Outfit 95 of Redwood City doing take-offs on Spike Jones recording, and a barber shop quartette from Burlingame.

**SC Grants Two
Building Permits**

Permits for two commercial structures, an office building and a drive-in sandwich shop, were issued by San Carlos Bldg. Insp. Vincent Murphy's office this week.

The office building will be located at 1199 Laurel St., on property owned by Russell J. Hanson of San Carlos. J. H. Peoples of San Carlos is the contractor.

Cost of the structure is expected to be \$7000.

The sandwich shop is being built by the G. K. Jones Co. at 836 El Camino Real. Adolph Deviske, owner of a radio repair shop next to the new drive-in, said the shop will be operated by his brother-in-law and sister, Mr. and Mrs. Frank Rogan.

**Car Overtakes
After Game,
Youth Killed**

Two persons were dead today, and four in serious conditions due to traffic accidents in San Mateo County during the weekend.

Kenneth Roswell Walker, 14, son of a wealthy retired lumberman, died in Palo Alto Hospital Saturday night of injuries he suffered while he was returning to his home at 189 Alameda Ave., Atherton, after the Stanford-UCLA football game.

William Gerrard Kennan, 66, retired treasurer for the Otis Elevator Co., died, presumably of a heart attack, Sunday evening when his car ran into the East Palo Alto Florist Building while he was on his way home to 216 Channing Rd., Burlingame, after a trip to Mississippi.

Four UCLA students were hurt in a spectacular accident early Sunday morning on Bayshore Freeway at the Butler Rd. underpass, South San Francisco, the California Highway Patrol reported.

The South San Francisco accident was the second this weekend involving a carload of UCLA students. The first occurred Friday night on Skyline Blvd. at Sneath Ln., west of San Bruno.

Young Walker, a student at the Menlo School and College, had attended the game with Francis Mitchell Wright, 15, son of Dr. and Mrs. R. Wesley Wright, 540 Atherton Ave., Atherton. Wright was driving the car.

On Walsh Rd., about a mile west of Alameda de las Pulgas, Atherton, the car skidded on the dirt and gravel road for 75 feet, starting near the crest of a grade, and overturned in a shallow drainage ditch. Young Walker suffered a fractured skull, the coroner's office reported.

His death was San Mateo County's 41st traffic fatality of the year, compared to 42 deaths during the same period last year.

Survivors include his parents, who moved to Atherton from Westwood, Calif., where Walker was in the lumber business, a year ago. He also is survived by his brother, Blair Loren Walker.

Mr. Kennan, resident of Burlingame for 10 years and of California for 40, had been visiting his sister, Mrs. George Wade at Greenwood, Miss.

Witnesses said that while Mr. Kennan's car was northbound on Bayshore Hwy. near Clarke Ave., East Palo Alto, it suddenly ran off the highway to the right and into the florist building. He was taken to Community Hospital, where he was pronounced dead upon arrival.

Highway patrol officers said that the South San Francisco accident in which the four UCLA students were hurt probably was caused because the driver dozed off. The other three in the car were asleep.

The southbound sedan left the freeway, knocked over the large sign marking the Butler Rd. cut-off.

The car then crashed between the steep bank at the intersection and one of the steel pillars supporting the underpass.

Joyce Elizabeth Burgess, 19, of Los Angeles was thrown under the car and pinned for about 15 minutes. The highway patrolmen used a pole from the broken sign to help pry the car's body from her, and a tow car helped lift the car with a winch.

Miss Burgess suffered a possible fractured skull, possible broken back, a broken nose, and severe cuts about her face and head. Her condition at South San Francisco Hospital today was listed as "fairly good."

The driver of the car, Tommy Benjamin Hoffman, 22, of Beverly Hills, also was seriously injured. He suffered a possible fractured skull, fractured jaw, and a deep cut from his scalp to eye.

**Truck Blaze Blamed
On Shorted Wire**

A shorted wire underneath the dashboard caused a fire then burned out the cab of a 1941 Dodge paint truck Sunday at 1:09 p.m. Redwood City firemen answered the call when the truck caught fire at El Camino Real and Madison Ave. Warren Boatwright, San Jose, is the owner of the vehicle.

NEAT HOOKUP — Chief Elbert E. Miller of the Belmont Fire Dept. gets in a good plug for Fire Prevention Week. The district's firemen posted these signs throughout the city as a reminder that fire prevention means cooperation with the district department, too. The posters were donated by the Belmont Lions Club as its contribution to the program now in effect in Belmont and other cities. Chief Miller reminded motorists that in addition to keeping fire plugs clear, they should allow firemen plenty of room to work at the scene of a blaze.

**Fire in SC
Emphasizes
Fire Week**

National Fire Prevention Week was stamped into the minds of San Carlos residents early Monday night when a pile of rubbish flared up at the home of L. Ricci, 141 Plymouth Ave., doing approximately \$100 worth of damage.

Chief Lyle Clark of the San Carlos department said that a passer-by noted smoke pouring from the garage and sounded the alarm at 5:46 p.m.

The blaze was restricted to the garage, where a stud connecting it with the home was badly scared by flames. Neither Ricci nor his wife was at home when the fire was discovered.

Cause of the blaze was believed to be an oil mop which smoldered among a small pile of rubbish at the base of the stud, Clark said.

Meanwhile, San Carlos and Belmont departments were proceeding with programs designed to inform the public of the dangers of fire hazards.

In Belmont Chief Elbert E. Miller was busy making appearances at Belmont schools and awaiting results of a poster contest already under way.

Schools visited are Central, Louis Barrett, St. Joseph's Military Academy and Notre Dame College. Chief Miller spoke to assemblies and showed movies on fire prevention at each school.

Results of the poster contest are expected by the end of the week.

San Carlos Chief Clark was sending out literature to the city's three schools today and is backing up the campaign by speaking at clubs and schools in the city.

Pre-school children are being given a new fire prevention color book, while older children are also being asked to cooperate in the current observance.

Some 2000 Junior Firefighter Reports are being distributed among children and are to be returned to teachers, after being filled out. An additional 3000 booklets entitled "Sixty Ways to Prevent Fires in Your Home" are also available.

Two thousand copies of a "Fire Safety Quiz" will also be given teachers as part of the information service, Chief Clark stated.

**Elect Dr. Gurnee
Optimists Head**

Dr. Thomas H. R. Gurnee Jr. was installed as president of the Redwood City Optimist Club Tuesday noon at its meeting at "The Three Owls."

He was elected by the board of directors to replace Fred Silvey at a special meeting Friday night. Silvey, who was with Redwood Nash Motors, is now associated with the Nash company in Martinez.

Dr. Gurnee, a dentist, came to Redwood City three and a half years ago from San Francisco. He is married, has two children and lives at 1921 Palo Alto Way, Menlo Park.

**Grand Theft
Claim Filed
In San Carlos**

Harry H. Burton, 33-year-old Burlingame cleaning plant operator, was free on \$1000 bail today after his arrest on grand theft charges last Saturday.

Burton, who operates the Howard Cleaners at 1111 Howard Ave., was charged with theft of more than \$600 worth of clothing last June 20. Complainant is Maurice D. Rutledge of Redwood City, operator of the San Carlos Cleaners and Shirt Laundry.

Rutledge today said he had employed Howard Taylor, San Carlos private investigator, to track down the missing clothing after his company had received "numerous complaints" about lost goods.

Taylor disclosed that he had tracked more than \$300 worth of the missing clothing to Burton. The detective claimed he and an assistant found the Burlingame man wearing the trousers to a missing suit when they questioned him in Burlingame last weekend.

Burton, who formerly had a tentative partnership agreement with Rutledge, admitted having almost half of the missing clothing in the trunk of his automobile, Taylor said.

Taylor said Burton admitted storing the clothing at the Southern Pacific depot for the past two months.

"After checking with a suit coat of the same pattern as the trousers worn by Burton," Taylor said, "we returned to Burlingame and Burton admitted the whole thing."

Rutledge said that to date he had paid out more than \$400 in claims by his customers for clothes which were lost.

Burton posted bail Saturday after he was served with a warrant by San Carlos officers.

**City, County Drawing
Plans for Dome Annex
At California Square**

City Atty. Cuthbert Currie said this week he would undertake the legal steps necessary to enable the county to clear title to California Square for a new county office building.

Currie was scheduled to meet with Dist. Atty. Louis Dematteis to "iron out" the legal requirements so that the city could either give, or the county accept, title to the land.

Gov. Earl Warren has signed the bills to clear title to the property and Currie said the next step would be for city officials to meet with county representatives and work out a solution to the actual mechanics of turning the property over to the county.

The city attorney said he has not had the authorization of city officials to go ahead with the job, nor had Dematteis the approval of the county representatives but that they would get together and "lay the ground work" for the plans.

He said he planned to meet with the district attorney tomorrow morning.

"Actually, Currie said, 'there are many legal steps yet to be taken in this matter, but Dematteis and I hope to meet tomorrow to talk the matter over anyway.'"

Currie indicated outside legal counsel would be hired to undertake the actual legal work after the Redwood City City Council and county representatives reached agreement.

**May Settle
Suit vs. RC
Out of Court**

The \$1,000,000 dispute between the Land Development Co. and Redwood City over water lines for the former's subdivisions may be settled outside of court.

Redwood City City Atty. Cuthbert B. Currie said this week that to date he has held two conferences with Milton Marks and Harry S. Young, attorneys for Land Development.

A demurrer to Land Development's \$1,000,000 suit against Redwood City has been filed by Currie in superior court, but hearings on it have been postponed because of the attorney's conference.

The case was on the court calendar again yesterday, but it again was put over.

Land Development Co., in addition to the money damages, is asking the court for declaratory relief, contending that the city should install water mains in the company's tract at Woodside Rd. and Alameda de las Pulgas.

The agreement, if reached possibly will be along lines of other agreements municipalities occasionally make with subdividers.

The subdivider in such cases agrees to install the water mains at his own expense. The city, on the other hand, agrees to repay the subdivider in part from gross receipts over a period of years, or in full if the time is made long enough.

**4 Cars Smashed
In SC Accident**

San Carlos police Monday reported a four-car accident on El Camino Real near Morse Blvd. in which all four vehicles were damaged, but none of the drivers was hurt.

The mishap occurred at about 7:40 a.m., police stated, after an unidentified motorist attempted to make a left turn off the highway onto Morse Blvd.

Those involved in the mishap were Stephen E. Leeka, 27, 109 Murray Ct., and Jack D. Riesau, 25, 1044 5th Ave., both of Redwood City; Joe E. Shillock, 26, of Sunnyvale; and Monroe E. Brown, 1252 Howard Ave., Burlingame.

The unidentified motorist stopped in the inside northbound lane preparatory to making his turn, police said. Another unknown driver stopped behind the first and then began to back up.

Leeka, traveling third in the northbound lane, stopped and was struck from the rear by Riesau's automobile, police reported. The latter's car was hit by the vehicle operated by Shillock, sending Riesau's automobile into the southbound lane.

Brown, who was traveling south, struck the Riesau vehicle broadside. Meanwhile the two unidentified drivers left without aiding in the investigation, according to police.

**Traffic Violators
'Hit' in Atherton**

Atherton Police Judge John W. Dinkelspiel this week began a "crackdown" on drivers arrested for traffic violations near Atherton schools.

Hal Pectol of Palo Alto had his driver's license suspended for 30 days after pleading guilty to reckless driving by Encinal School on Middlefield Rd.

Judge Dinkelspiel handed out 90-day probation periods to three others who pleaded guilty to traffic violations by Encinal School and said their licenses would be suspended for 60 days if they were arrested again during the probation period.

The drivers were Audrey L. Massari, 641 Third Ave., Redwood City, and James L. Smith, 1545 Alameda Rd., San Carlos, guilty of passing in the school zone; and Edward A. Kirkish of Cupertino, guilty of speeding in the school zone.

**Booklets Show
Police Depts.**

Booklets listing by city the officers serving within the Peninsula Police Officers' Assn. were sent out to all residents of Belmont today.

The booklet pictured all members of the Belmont department as well as officers in all San Mateo County cities and Mountain View and Sunnyvale.

The booklets were sent to Belmont residents by the Belmont department to publicize the association's coming 21st annual ball to be held Oct. 29.

**SM County Historical Group to Dedicate
Five Famed Marks in Rites Next Sunday**

Five historic markers, selected by the San Mateo County Historical Assn. and situated at various points in the county will be dedicated next Sunday when the association conducts a caravan of cars with members and the interested public to the different spots.

At each place ceremonies will take place with the association president, Mrs. A. S. Kalenborn, in charge, and county officials and officers of the various cities will be present.

In San Mateo, the caravan will convene at 1 p.m., according to Dr. Frank M. Stanger, historical association executive secretary, on Arroyo Ct., near the corner of West Third Ave. and El Camino Real, where the Anza campsite will be dedicated with Dr. Stanger as speaker.

This is the place where Capt. J. B. de Anza rested in March, 1776, on the banks of the San Mateo Creek, after selecting sites for the Mission and Presidio of San Francisco.

In Daly City, near the San Francisco County line, on the Junipero Serra Blvd. will be placed a plaque commemorating the famous duel between Sen. David C. Broderick and Chief Justice David S. Terry, with County Treas. Al Sagehorn, official of the historical association, conducting the ceremonies.

It is expected a representative from the California Historical Assn. will also participate in the dedication of this site which marked the end of duelling in California.

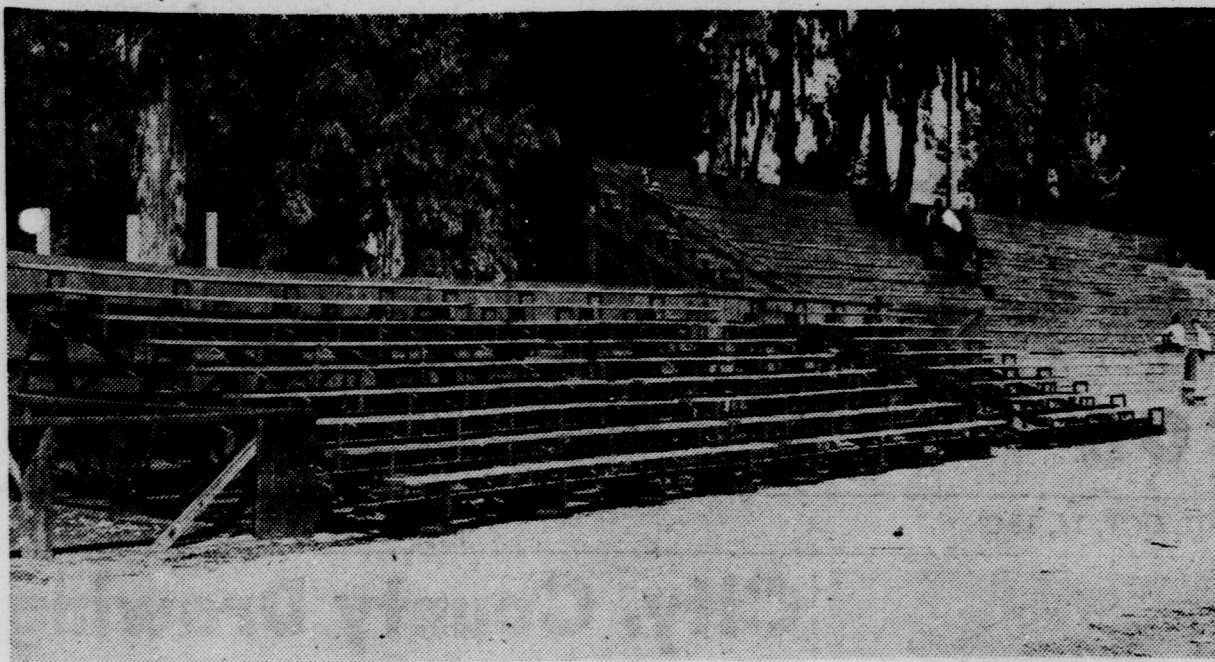

Two of the markers will be memorials to famous campsites of Capt. Gaspar de Portola; one in San Gregorio, on Highway 1 at the intersection of the road to La Honda, and the other in Pedro Valley from where the Portola expedition climbed to the highest point of Sweeney Ridge and discovered San Francisco Bay, in 1769.

This plaque will be placed south of Rockaway Beach on California Highway 1 opposite "Wander Inn." George N. Keyston of Hillsborough, will speak at San Gregorio, and Paul A. McCarthy of Redwood City at Pedro Valley. Both are directors of the San Mateo County Historical Assn.

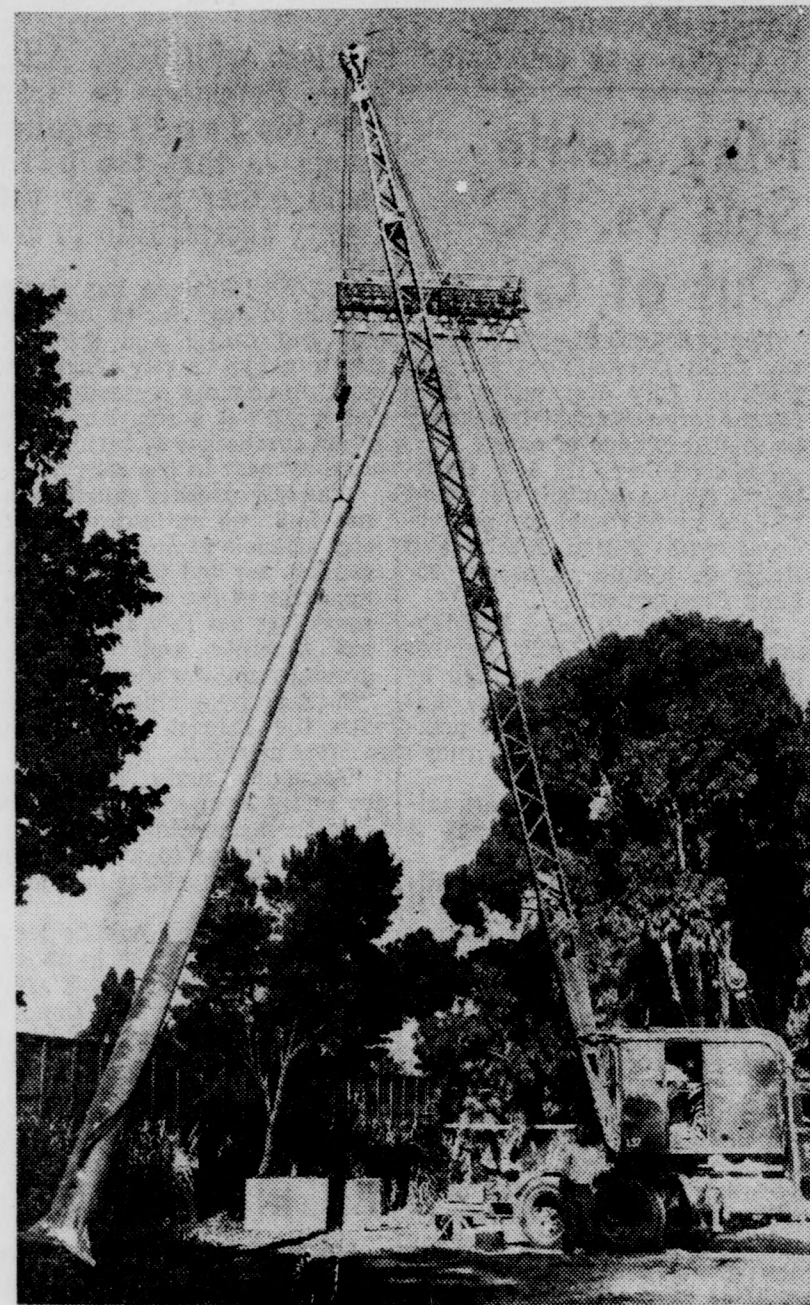

In Woodside the old Tripp Store, a county owned landmark, will be dedicated with Mrs. Kalenborn, whose family had early connection in that region, the speaker.

The large bronze plaques for the markers have been furnished by the California Centennial Commission and four of the monumental bases by San Mateo County. In San Mateo the city is providing the base, and in Woodside a redwood block will be provided.

The caravan schedule after leaving San Mateo will be, according to the executive secretary: Woodside, 2 p.m.; San Gregorio, 3:45 p.m.; Pedro Valley, 5 p.m. and Daly City, 5:30 p.m.

JUST ABOUT READY—Night high school football will come to Redwood City tonight when Sequoia meets South San Francisco in the opening Peninsula Athletic League game. Above: Two projects are speeded in preparation for the event. Top: A new batch of bleachers has been installed at the west end of the field to provide seating room for several hundred additional spectators. Below: One of six light poles is being raised into place. Each of the light standards will have 24 lamps of 1500 watts each to give Sequoia the most modern lighting of any Peninsula football field. Tonight's grid opener is being tied in with the local Community Chest drive, and special events are planned before and during the game.

They're Saying in San Carlos

THAT fresh from their recent success—it was standing room only again last weekend at the two final performances of "Under the Gaslight" at the City Hall—the Community Theater will start to work immediately on a new play.

Add drama department—the Graham twins, Stuart and Stephen, sons of the Gordon Grammas, have recently been performing again at the Palo Alto Children's Theater, as well as San Carlos' young actress, Nancy Widdas. They all took part in the recent repeat performances of "Cinderella."

Entertaining by younger members of the E. R. Burton family recently included a luncheon given by Mrs. Ronald Anderson in her Charlton St. home, and a birthday dinner celebration for Norman Burton.

Mrs. Anderson entertained for Mrs. Olga Smith, a friend since early school days of Mrs. Anderson's mother, Mrs. E. R. Burton. Mrs. Smith was a visitor

from Los Angeles at the home of her daughter, Mrs. Clarence Postel, in Belmont. Guests at luncheon included Mrs. Smith, Mrs. Burton, Mrs. Postel and Mrs. Chester Postel, also of Belmont, and Mrs. E. R. Burton Jr.

Mrs. Norman Burton celebrated her husband's birthday with dinner at their Cedar St. home. Guests included the Ronald Andersons, the E. R. Juniors, and Mr. and Mrs. Douglas Willard. Dinner was climaxed with an elaborate birthday cake, with complete count of candles, and was followed by an evening at canasta.

BY MIMI BELL.

Officials to Study Freeway Extension

A meeting of state, county and city officials to discuss ways and means for the speedy completion of Bayshore Freeway will be held in Albert's Restaurant, Burlingame, on Nov. 15, it was announced today.

Scheduled to be at the meeting, a dinner affair, are members of the Central Coast Council Highway Committee of the State Chamber of Commerce State Highway Officials, San Mateo County Board of Supervisors, County Executive Frederick Peterson, San Mateo County Planning Commission and Burlingame City and Chamber officials.

Pillar Point Breakwater 'Ready to Go'

The U. S. Corps of Engineers is ready to proceed with the construction of the \$5,000,000 Pillar Point breakwater at Half Moon Bay as soon as Congress appropriates the funds.

This was the declaration this week of Col. F. S. Tandy, district engineer, speaking at a dinner meeting at the Miramar Hotel on San Mateo County's Coast-side.

The dinner was attended by county officials, members of the Half Moon Bay Chamber of Commerce and the Pillar Point Breakwater Society.

As a result of the meeting it was decided to reactivate the Pillar Point Breakwater Society to lead a campaign for speedy action by Congress on the appropriation.

The project has been approved by Congress and an initial fund of \$75,000 for planning has been allocated. Completion of the breakwater depends upon annual appropriations by Congress.

No further appropriations are expected by the present session of Congress but those attending the meeting said the funds might be voted early next year if a campaign of large proportions was launched promptly.

Three of the five members of the County Harbor Commissioners attended the meeting. They were Richard D. Armstrong, Redwood City, secretary; Nathaniel Johnson, Half Moon Bay, and Henry Clark of Miramar.

Others attending included Supervisor Alvin C. Hatch, Half Moon Bay; Larry Watt, Half Moon Bay postmaster and secretary of the Pillar Point Breakwater Society; Mervyn Rathbone, civic leader and former president of the Half Moon Bay Chamber of Commerce, and Judge Manuel Bettencourt.

Accompanying Colonel Tandy were Lt. Col. A. D. Chaffin, Chief Division Engineer Cabell Gwathmey, Asst. Eng. William J. Tarelle and Clark Galloway of the State Chamber of Commerce.

Completion of the breakwater is expected to take from two and a half to four years after the start of construction.

It will create the only safe harbor between San Francisco and Santa Cruz and is expected to make Half Moon Bay a fishing, industrial and recreation center of the Bay Area.

The project was approved and work started several months ago after years of agitation by Coast-side leaders.

Test boring to locate stone suitable for construction of the breakwater have been completed and engineers now are at work on actual plans for construction.

Industry Question Aired by Toastmasters

The Redwood City Toastmasters met Monday night with Pres. Wilbur Lindsay, Jim Dixon and Don Bogie speaking.

Under the leadership of Myron Harman, table topic chairman, each club member spoke for one minute on either the pro or con side of bringing industrial plants to Redwood City.

Ex-Belmont 'Teen-ager' Tells of SJ Attacks

A 15-year-old former Belmont girl was the object of mass rape by five youths in San Jose early last week, according to her story, which was released today by San Mateo County juvenile authorities.

The girl, one of three who escaped from Hillcrest with the aid of a part-time juvenile officer last February, told her story after she was picked up in Belmont.

San Jose police, however, today had no report of the attack on the girl. The San Mateo County Probation Dept. reported that a report is being mailed to San Jose.

The attack, the girl said, occurred early during the evening of Oct. 3.

She said that she had a date with one of the youths, ostensibly to go to a club meeting at which other girls were to be present.

When she arrived at the "clubhouse" it turned out to be a back room of a private home, Chief Probation Officer John S. Cowgill said the girl told his office.

There were four other youths, in addition to her date, at the house, but no other girls.

She claimed that the five youths forced her to submit to them.

Cowgill said that the girl was examined by a doctor, who reported that he found evidence of intercourse. However, the doctor said that there were no bruises or other injuries, Cowgill declared.

After the sex orgy the girl was driven to Belmont by one of the boys. In Belmont she was recognized by a former boy friend, and the juvenile officers were called.

San Jose police stated that the girl had been living with her mother at the San Jose YWCA. When the girl failed to return to their room, the mother reported her to the police department as missing. The missing report is the only thing on file in connection with the girl's case, the San

'Y' Indian Guides Plan Meeting

The Fall Long House meeting of the Sequoia Y-Indian Guides, father and son program of the YMCA, will be held Saturday and Sunday at Camp Jones Gulch.

Under the supervision of YMCA Executive Secy. Kenneth T. Osman and Council Chieftain Hal Warden, the two-day program will consist of sports, handicraft, devotions and induction of new members. The program will begin with swimming on Saturday afternoon and conclude early Sunday afternoon.

In the second meeting of the Sequoia Council, held at the YMCA building this week, the organization mapped plans for several Indian Guide open house meetings to be held on the fourth Fridays of the month at the building. Also, council members laid plans for an early organizational meeting for men and sons on waiting lists for new tribes.

Girl Drinks Poison, Police Save Life

First Aid by Palo Alto police probably saved the life of a Palo Alto girl who accidentally drank poison Monday night.

At 8:10 p.m. officers were called to the home of Elizabeth Svihra, 14, of 1861 Guinda St. The girl had been preparing to clean a comb, and had filled identical glasses—one with

water and the other with ammonia. When she got thirsty, she took a drink—from the wrong glass. Police officer Otto Nihues gave her an emetic of warm salt water. Capt. Guy O. Wathen pushed the girl to the kitchen sink, stuck a finger down her throat, and got immediate results.

These folks mean business for the West... Pacific Telephone people receive pay adding up to \$19,000,000 a month.

Telephone paychecks also come to you

1. Timber... paper... copper—we have to buy many things to build and run the telephone system. Last year Western Electric, our principal manufacturer and supplier, bought over 20 million dollars worth of materials in the West. More than half of each dollar we take in goes for employees. Most of it is spent and goes into circulation where they work and live.

2. More than 80,000 of those whose savings built the business... who own telephone stock... live in the West. In return for the use of their money, a few pennies of each telephone dollar go to them. And as they spend it, they also add to Western prosperity. It would probably be hard to find anyone who does not in some way benefit from the money we spend.

3. When you add it all up, you find the money you spend for service comes back, in large part, to you. And your telephone dollars are buying more service than ever. Today you can call more of the people you want to call... more can call you. And your telephone still does its jobs for only a few pennies a call.

Your telephone is one of today's best bargains

How's That Again?

By Dave Cox

Jury Slated to Start Study in Trial of Top U.S. Reds

NEW YORK (AP)—The fate of the high command of American Communism may be placed in the hands of a federal court jury late today.

U. S. Atty. John F. X. McGohhey is expected to finish summing up the prosecution's case today. Then Federal Judge Harold R. Medina will deliver his charge to the jury, after which the eight women and four men will retire to consider their verdict.

The immediate issue is whether the 11 top Red leaders on trial are guilty of charges that they conspired to advocate forcible overthrow of the government.

But the case also has wider implications involving the future status of the Communist Party in this country.

The defendants have maintained that conviction would be tantamount to outlawing the party and making illegal the activities of its other leaders and members.

If the 11 are found guilty, they face a maximum penalty of 10 years in prison and a \$10,000 fine each.

The historical trial, the first of its kind directed at American Communism, has been in progress for nine months.

Tense silence settled over the courtroom yesterday as McGohhey, the tall, dignified, white-haired prosecutor, began his summation.

He spoke in a strong, grave voice, without courtroom forensics.

"Ours is a government of laws rather than a government of men," he said. "It is at once self-evident that such a government not merely has the right, but the duty to safeguard its institutions of liberty against destruction from within, as well as from without."

As he talked, the defendants kept their eyes glued on the jury.

Judge Medina sat with his hands clasped.

The prosecutor traced the history of the Communists in this country.

He laid stress on the party's reorganization in 1945 when, the government charges, the party renewed its teaching of violence after a one-year interval of less militant activity.

"That teaching is, as the evidence shows," McGohhey said, "that Socialism can be established only by the violent overthrow and destruction of our constitutional form of government."

He assailed testimony by defendants denying they advocate violence and claiming they only seek reform through peaceful means as a legitimate political party.

"Every one of them, without exception," McGohhey said, "has been demonstrated to be unworthy of belief. They were shown to have sworn falsely on many prior occasions."

McGohey compared the American Communists to the Bolsheviks who seized power in Russia during the October Revolution of 1919.

He cited Communist textbooks which quoted Joseph Stalin as saying "the manner in which the October insurrection was carried out may be taken as a model of such strategy."

Provisions in the Communist Party's 1945 constitution pledging allegiance to American democracy mean nothing, McGohhey said, because these pledges were written in "Aesopian language."

Northwest Leads PCC
LOS ANGELES (AP)—Three players from the Northwest, Ken Carpenter of Oregon State, Bob Sanders of Oregon, and Don O'Leary of Washington, lead the Pacific Coast Conference yard gaining department.

Carpenter has gained 285 yards rushing, 193 passing and a total offense of 478 yards, with Ernie Johnson of UCLA three yards behind.

Sanders has rushed the ball 341 yards in 57 carries, with Carpenter the runner-up, and O'Leary has accumulated 444 yards in completing 33 out of 57 passes.

Schedule Start of the Harry Bridges Conspiracy Trial for Nov. 14 in San Francisco

SAN FRANCISCO (AP)—Harry Bridges' trial on charges of perjury and conspiracy to defraud the government will start

on Nov. 14, barring some unforeseen delay. Federal Dist. Judge George B. Harris yesterday denied a series of motions by which

counsel for Bridges and two aides attacked the indictments on various constitutional and legal grounds. The Australian-born Bridges,

stormy labor figure and head of the CIO longshoremen's union, was charged with perjury in testifying at his 1945 naturalization hearing that he was not

and never had been a Communist. Union Vice Pres. J. R. Robertson and Henry Schmidt, union international representa-

tive, were accused of aiding and abetting an attempt to defraud the government by their statements at the hearing.

Here's why you get EXTRA VALUE in SAFEWAY'S CHUCK ROAST

IT'S GOVERNMENT GRADED

Safeway experts buy for you only the top government graded beef—the finest eating beef offered in this area (and top grades of lamb, pork, veal).

IT'S TRIMMED BEFORE WEIGHING

Safeway chuck roast is generous with meat. All the meat that belongs on a chuck roast is retained (with none cut off to be sold at a higher price).

AND IT'S LOW IN PRICE!

Compare our price for this fine chuck roast with what others are asking for ordinary meat. Check quality and trim, too! Take home any cut or kind of Safeway meat. You must like it—or all your money back without return of the meat.

Lawrence's Juvenile Shop
Opens New Shop Here Today

Formal opening of the enlarged and completely remodeled Lawrence Juvenile Shop occurred today. Gardenias are being given to women and favors to children visiting the new store.

The shop has added to its location at 2326 Broadway, the adjoining building at 2336 Broadway, formerly occupied by Victor's Shoes. The site is opposite Montgomery Ward & Co.

A new store front combining picture frame windows with redwood siding and chartreuse paint gives the shop exterior a fresh and unique appearance.

The chartreuse tone is carried into the interior where it contrasts with dusty rose on the walls and showcases, and turquoise linoleum.

"The shop expansion has come about as a direct result of the wonderful acceptance of the store by the people of Redwood City," owner Irving Lawrence said.

"It is our desire to create the unusual in a children's store," he continued.

The shop will be run on a self-service principle.

Everything for the child, from the cradle into the pre-teens is

Benelux Nations
Talk Economics

LUXEMBOURG (P) — The three Benelux nations today begin new talks to bring their economic union closer to a common monetary and commercial system.

Prime Ministers Gaston Eyskens of Belgium, Wilhelm Drees of The Netherlands and Pierre Dupong of Luxembourg held delegations which will meet here to try to cut down on important controls and to reach some degree of convertibility between the franc that Belgium and Luxembourg use and the Dutch guilder.

The Netherlands now must pay in gold or dollars for imports from Belgium beyond the 1,400,000,000 franc (\$28,000,000) credit Belgium granted The Netherlands.

Though customs duties on trade among the three countries have been abolished, Belgium still limits imports of Dutch farm produce. Netherlands government controls, including subsidies have kept Dutch farm produce prices lower than Belgium's.

In addition to the customs union, the Benelux group has taken preliminary action toward standardization of excise taxes, turnover levies, social securities and salaries, and coordination of investment policies. Observers from each country also now sit in on trade negotiations conducted by the others.

Male Styles Show
Plunging Neckline

PARIS (P) — Plunging purple neckline and all—the new look for men has been unveiled in Paris.

It's all because Tailor Gaston Waltener believes man today is in a state of "vestimentary inferiority." Waltener yesterday showed an audience of 500 what he would do about it.

Four young men from the conservatory of dramatic arts—there were no male fashion models to be had—turned and walked about to show 16 such confidence-boosting ensembles as:

A black ski outfit, with red paisley scarf and green-laced boots.

Finger-length coats;

Alligator skin shoes with inch-high crepe soles;

A purplish prune-colored dinner jacket with "plunging neckline"—plunging to the middle of the stomach.

An equally prune-hued tailcoat, with opera cape of lighter purple sporting an elaborate antique silver chain clasp.

Eastern Hot
Spell Breaks

CHICAGO (P) — The hot spell over most of the Eastern states appeared broken today.

After several days of mid-summer temperature, a mass of cool air from the Midwest moved into sections east of the Mississippi River to the North Atlantic Coast. Rain fell along the Appalachian Mtns. and along the New England Coast. Showers also were reported in New York City. The cool air did not reach the South Atlantic States and generally warm weather was reported over the southeastern part of the country.

Generally fair weather prevailed over most of the country. Temperatures appeared headed for near normal marks. The early morning cool spots were in Montana, with Lewiston reporting a low of 28.

Ex-Burlesquer
Knows Audience

BALTIMORE (P) — Margie Hart isn't in burlesque any more—but she has a good ear for the old, familiar audience reaction.

Margie is now appearing in the legitimate drama, "Light Up the Sky," at Ford's Theater.

One of her costumes is a pair of black velvet pajamas.

That old reaction came from the other side of the footlights last night when she turned her back.

Margie whirled quickly, placed a bolero around her hips and sidled over to a window seat.

She finished the scene facing the audience.

Brunnahan Jury
Disagrees, 7-5

LAKEPORT (P) — A jury disagreed 7 to 5 last night on whether a Lonely Hearts correspondent from Chicago murdered his bride of three months and his small stepdaughter.

The jury was dismissed and Stephen Brunnahan, 34, will appear in court Monday for the setting of the date of a second trial. It was not announced which way the majority stood.

Brunnahan's wife, Virginia, and 3-year-old stepdaughter, were found dead in the ashes of their fire-razed cabin on Clear Lake last June 14.

Brunnahan, a mechanic, was accused of deliberately setting fire to the cabin. The prosecution said he had a collection of 38 women's names on a Lonely Hearts Club list.

The jury discharged at 9:05 p.m. last night, took the case at 3:45 p.m. Tuesday.

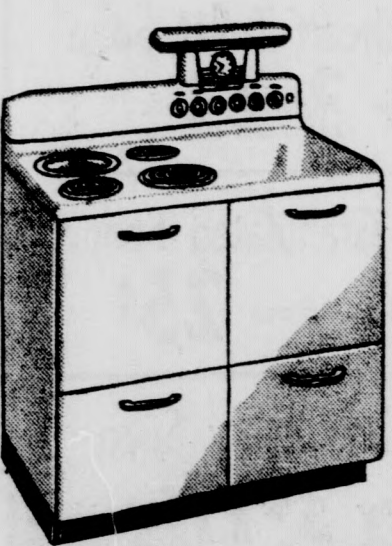

Toppled Piano
Crushes Tots

CORTLAND, N. Y. (P) — Doug Stebbins, 4, and his brother, Roy, 3, were crushed to death yesterday when an upright piano their mother was moving toppled over.

The children had been playing on the living room floor in their home.

Their distraught mother, Mrs. Andrew Stebbins, ran a quarter of a mile before she found two neighbors to help her right the piano. The boys were pronounced dead on arrival at a hospital.

Peterson Urges
Bayshore Action
County Executive Frederick
Peterson today rapped the San
Mateo County Board of Supervisors
for "fiddling while Rome
burns" in regard to seeking early
completion of Bayshore Freeway
in the county.

Peterson's charge followed an
announcement that the super-
visors would meet Nov. 15 with
state highway officials, state
chamber of commerce representa-
tives, county planning commis-
sioners and Burlingame city and
chamber officials.

"I believe that it will take ac-
tion by the legislature, which
will meet in January for a short
session, to complete the freeway
as an emergency matter," Peterson
said today. "And the wasting of
five weeks until the arranged
meeting will hardly give the traf-
fic commission time to prepare a
survey for the next legislative
session."

Peterson called for the board
of supervisors to appropriate
\$2000 immediately for use by the
county traffic safety commission
in preparing a survey which
would show the extreme need for
extension of Bayshore Freeway
throughout the county.

San Carlos Evening Book
Section of AAUW Meets
San Carlos Evening Book Sec-
tion, one of the groups in the
Burlingame-San Mateo-Hill-
borough Branch of AAUW met
recently at the home of Mrs. F.
F. Stewart, 2064 Eucalyptus Ave.
Following a short business
meeting Mrs. G. A. Smith gave
a review of "The Trail Leads
North," a true and amusing ac-
count of experiences during the
Alaskan gold rush. Mrs. Fred
Bonney reviewed Herb Jaen's
"The San Francisco Book," a his-
tory of special interest to resi-
dents of the Peninsula.

A new section has been formed
called the "San Carlos Digest,"
which meets the second Wednes-
day evening of the month. Any
AAUW member or prospective
member may join this group by
calling Mrs. G. A. Smith, chair-
man, of Mrs. E. V. Frost, mem-
bership chairman. The first
meeting of the new group will
be held tonight.

YMCA Plans for Halloween Parade, Program on Oct. 31
Plans for the eighth annual
Sequoia YMCA-sponsored city-
wide Halloween parade and pro-
gram were under way today with
H. C. (Rowdy) Holmquist as the
general chairman of the event.

The committee in charge an-
nounced that the celebration
would be held on Monday night,
Oct. 31, beginning with a pa-
rade through the city streets at
7 o'clock.

The program again will be fea-
tured by a costume parade of all
boys and girls of elementary and
junior high school age who de-
sire to participate for the mer-
chandise prizes given to the best
costumed in five different cat-
egories.

Also, this year a committee,
headed by John Ball of the Ki-
wanis Club, will arrange for the
active participation of school
youngsters in the window decor-
ating contest that was started
last season. The downtown store
windows will be reserved for the
artistic efforts of the best art
students of various schools to vie
for honors.

Again, following the parade, a
series of variety numbers of in-
terest to youngsters will be pre-
sented at the McKinley School
auditorium. In addition to Holm-
quist and Ball, other members
of the committee arranging the
event are James Thomas, chair-
man of the boys and girls work
committee of the YMCA, Ira Pot-
ter, Ralph Ebner, John Beyer-
stedt, representing the Retail
Merchants, and John S. Cowgill.
Further arrangements for the
event will be announced at a
subsequent meeting of the com-
mittee to be held on Oct. 20.

Daughters Get
\$40,000 Estate
Mrs. Rebecca Grunbaum, who
died on Sept. 28 at her home,
105 Dartmouth Rd., San Mateo,
left the bulk of her \$40,000
estate to two daughters, Mrs.
Rosalee Steindler of Hillsbor-
ough, and Mrs. Irene Burnham,
Salt Lake City.

Mrs. Rebecca Grunbaum, who
died on Sept. 28 at her home,
105 Dartmouth Rd., San Mateo,
left the bulk of her \$40,000
estate to two daughters, Mrs.
Rosalee Steindler of Hillsbor-
ough, and Mrs. Irene Burnham,
Salt Lake City.

Ex-RC Girl 'Ideal Teen-ager'
Finalist for N. California
Connie (Consuelo) Kennedy,
formerly of Redwood City, has
been named one of six Northern
California finalists in a nation-
wide contest to find the ideal
American 'teen-ager.'

The contest is sponsored joint-
ly by 20th Century-Fox film stu-
dios and Lux soap. Finalists were
selected on the basis of photo-
graphs, followed by a personal
appearance over radio station
KCBS in San Francisco Monday.
The contest was limited to 15-
year-olds.

The winner of the state title
will enter the national contest,
for which the judge will be June
Haver, 20th Century movie ac-
tress.

Connie is the daughter of
Mr. and Mrs. Theodore Ken-
nedy, 1715 Newell Rd., Palo
Alto. She has a younger sister,
Maurine, attending Jordan
Junior High School.

The Kennedys came to Palo
Alto from Redwood City a few
months ago and Connie, formerly
a student at Notre Dame College,
Belmont, now attends Palo Alto
Senior High School.

She is a talented pianist and
artist and hopes to take ad-
vanced art training after grad-
uation.

Branch Post Office Okehed
For Five Points Area
Officials of the Post Office
Dept. have approved plans for
a new post office station to be
located in the vicinity of Five
Points, Redwood City Postmaster
Robert O'Connell said this week.

The new station will be known
as Station A and will be a branch
office corresponding to the
Broadway-Burlingame facilities.
The building will occupy a
floor space of 2500 feet, accord-
ing to specifications, and will be
a lease proposition in that the
department plans to lease quar-
ters rather than build, O'Connell
said.

Fifteen men will staff the
new office but most of the
staff will be clerks.

O'Connell said the establish-
ment of the new office is expect-
ed to take some of the load off
the work at the downtown office.

The postmaster did not say
where the new offices would be
located other than that they
would be in the Five Points area.

The mail service at the new of-
fice will be the same as at the
main branch, he added, and pro-
visions will be made for the sale
of stamps and other stamped
matter.

Plans and specifications for
those who wish to bid on the new
plant are available at the post
office. Lease terms call for the
building to be occupied for a five
year period on the initial lease.

Dr. Chope Warns
On Assistance Cost
The breakdown of a sense of
responsibility and the advent of
crackpot security schemes were
traced Tuesday by Dr. Harold
D. Chope in his talk before the
Redwood City Rotary Club.

Dr. Chope, director of health
and welfare for San Mateo Coun-
ty, warned that Pennsylvania
Ave. is gaining more control and
local government less as agencies
push through new schemes for
taxing the rich.

In his talk dealing with wel-
fare department operation Dr.
Chope told of the threat of two
costly projects such as Proposi-
tion 4, which has become State
Amendment 25. He urged repeal
of this amendment which is cost-
ing the taxpayers millions of dol-
lars each month.

Dr. Chope explained that there
is a definite need for caring for
the needy aged, blind, and par-
entless children, but he said that
too many persons are taking ad-
vantage of these assistance pro-
grams who drive around in Cad-
illacs.

The speaker was introduced by
Program Chmn. Dan Robertson.
Pres. Paul Whaley presided.

Belmont to Fete Rec Commission
Members of the Belmont Rec-
reation Commission will be hon-
ored at a meeting Thursday,
Oct. 20, at 8 p.m., at the parish
hall of the Church of the Good
Shepherd.

This will be the first in a se-
ries of meetings sponsored by
the Belmont Home Owners As-
s'n.

Pres. Robert S. Hunter said
that recreation is one of the
most vital concerns of the peo-
ple of Belmont today. Progress
has been made this summer in
solving part of the community's
needs through the efforts of the
recreation commission and
through individual groups.
Hunter said.

Members of the recreation
commission will be presented
at next week's meeting in
order to better acquaint the
residents of the community
with them.

Harvey Shirley, chairman of
the Home Owners Recreation
Committee, is making arrange-
ments for the program. A so-
cial hour with refreshments
will follow the presentation of
the commissioners — the Rev.
John E. Daley, chairman; Mrs.
Ernest Hodges, Robert Manning
and Ray Rhodes.

The board of directors of the
Home Owners Ass'n. met with
several of the committee chair-
men this week at the home of
Mr. and Mrs. Earl B. Rhynes.

Since one of the major ob-
jectives of the organization is
to present the facts concerning
civic problems to Belmont resi-
dents, the board and its com-
mittee chairmen are busy plan-
ning general town meetings,
Hunter said.

Following the recreation
meeting, the education commit-
tee will present the program in
November.

Present last night were Mrs.
William Owens, Mrs. L. J. Kelly,
Mrs. Jack Thompson, Mrs. Fred
Graetz, Mrs. Earl Rhynes, Wil-
liam Keil, J. E. Laurence, Peter
Jacobsen, Harvey Shirley and
Gilbert Bowman, who presided.
Refreshments were served at
the conclusion of the meeting.

Beware Coughs
From Common Colds
That HANG ON
Creomulsion relieves promptly because
it goes right to the seat of the trouble
to help loosen and expel germ laden
phlegm and aid nature to soothe and
heal raw, tender, inflamed bronchial
mucous membranes. Tell your druggist
to sell you a bottle of Creomulsion
with the understanding you must like
the way it quickly allays the cough
or you are to have your money back.

Iron Left On,
Sets House Afire
Neighbors joined with firemen
in extinguishing a blaze at 635
Bay Rd. early Tuesday after
someone at the E. A. Knutz home
left an electric iron on all night,
firemen said.

The fire started in a service
porch adjoining the house when
the iron burned through an
aluminum pad and set fire to
the ironing board.

Flames then spread to the ad-
joining walls.

A passer-by noticed the flames
coming out of the service porch
window and called police who in
turn called the fire department.

Firemen said Mrs. Knutz and
her sister were ironing, and, ac-
cording to the women, both of
them thought the other person
had shut off the iron.

The iron had been on since
about 5:30 p.m. the previous
afternoon, firemen believed.

Setback Request
Okehed in Belmont
Belmont Planning Commission
this week approved one applica-
tion for alteration in setback
lines and tabled another with the
provision that it will be heard
at a special meeting Oct. 24.

Approved was a request by Nor-
wood D. Tichenor, who asked that
setback lines on property in lot 3,
block 50 be changed from 25 feet
to 15 feet. Tichenor plans to
erect a garage on the property
on Thurm Ave. near the northern
city limits.

A request by C. H. Philipp, to
change one lot into two and alter
setback lines on adjoining lots,
was tabled until the special meet-
ing.

Philipp's request had previous-
ly been denied by the commis-
sion, though because of a clerical
error the applicant was not pre-
sent at the meeting.

After the commission's recom-
mendation was sent to the coun-
cil, the matter was re-scheduled.
At the Oct. 24 meeting protest-
ants to the change will be heard
and the matter submitted for
action at the council meeting
later in the evening.

Philipp's request for division of
the lot located at the bend in
North Rd. involves the Flynn
Brogan property. His other re-
quest for new setback lines ap-
plies to the lots 12 and 13 in
block 6 of the Swift tract.

Ask Dissolution
Of Buri-Buri Firm
Minority stockholders of Buri-
Buri Homes Inc., South San
Francisco, today filed suit to
have the corporation dissolved
and a receiver appointed.

They charged that the ma-
jority shareholders are operat-
ing the firm inefficiently and are
selling the firm's assets to meet
monthly operating losses.
